The latest issue of postage
Stamps are of slightly different
color from those in use
heretofore - and are engraved
with the Queens head as on the
post card - The Jubilee issue
early this year are out of
issue, or rather are not made
any more - but stamps (Jubilee)
can be procured with some
difficulty at different places
thru collectors, the value of a
set of unused stamps of any
of these denominations up to a
50¢ stamp would be \$1.21 &
the same of the latest issue.

NIAGARA FALLS and River receive their name from the Indians, in whose language the word "Niagara" means "Thunder of Waters."

The river receives the waters of all the upper lakes—Erie, St. Clair, Huron, Michigan, Superior, and a number of smaller ones. From the foot of the Falls to Lewiston, a distance of 7 miles, the river descends 104 feet, running between perpendicular walls 250 feet high. It rushes headlong through this deep and narrow gorge to the cliff at Lewiston, where it emerges on the plains of Lake Ontario, and is again a broad and peaceful river.

Dear Sir,

Your welcome letter of the 6th ultimo is hand. I am sorry I have not any more Kings Heads yet except 1st ORC + 2nd natal. The following Cape Kings Heads are in use $\frac{1}{2}$, 1st, 6th, 1/- + 5/-, of the $\frac{1}{2}$, 1st + 1/- I have already sent you specimens but I have not been able to get 6th + 5/- yet as they are not in general use. I am enclosing some ^{watermarks} / Cn + CC 1/- + Cn + CA, which I trust will please you as they are, especially 1st CC, pretty scarce here. I heard from someone that there is some likelihood of

your 2c stamp being changed, have
you heard anything?
